**RESPONSE TO RESTRICTION REQUIREMENT**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

In response to the Restriction Requirement dated June 16, 2006, in connection with the above-referenced application, Applicants elect Group I (claims 1-12; drawn to a plasmid for expression of foreign genes in gram positive bacterial, comprising orfA and orfB) with traverse.

According to MPEP 803, “[i]f the search and examination of all the claims in an application can be made without serious burden, the examiner must examine them on the merits even though they include claims to independent or distinct inventions.” The claims of both Groups I and II are closely related, as evidenced by their both being classified in class 435, subclass 320 (*See Official Action, page 2*). In view of this close relationship, Applicants respectfully submit that a complete search for both groups of claims would necessarily overlap, such that it would not pose a serious burden on the Examiner to search and examine all of the

claims at one time. Accordingly, withdrawal of the Restriction Requirement, and examination of all the claims of record on the merits is respectfully requested.

In the event that there are any questions relating to this Response or to the application in general, it would be appreciated if the Examiner would contact the undersigned attorney by telephone at (202) 373-6000 so that prosecution of the application may be expedited.

The Director is hereby authorized to charge any additional fees which may be required, or credit any overpayment to Deposit Account No. 50-2518.

Sincerely,

Date: July 12, 2006
